RE: BlackGuard Price increase  
Effective May 26th, 2026

Due to increases on raw materials and overall operating costs, N.E.C. will be implementing a price increase on all our BlackGuard PVC coated products. The new list prices will reflect an increase of 7% on all products. New net price sheets for stocking distributors will be available in the coming weeks.

The new price will be effective on all orders placed after May 22nd, 2026. N.E.C. reserves the right to limit customer orders based on historical sales data. Thank you for your business and continued support.

Sincerely,

Keith Conley  
Vice President - Sales  
N.E.C., INC.
