

BlackGuard PVC Coated Pipe Straps & Clamp Back Spacers

BlackGuard PVC coated pipe straps used to securely mount conduit to a wall or other structure for support. They are available in two styles: one-hole malleable iron strap or two-hole stamped steel strap. Clamp backs are used to space the conduit from a wall or structure.

Features

- Exterior dark grey PVC coating with a minimum thickness of 40 mil
- Sizes available are 1/2" to 4"

1 HOLE MALLEABLE STRAPS

| PART NUMBER | SIZE | WEIGHT PER 100 |
